## Balance Sheet

Total loans held for investment increased $\$ 84.8$ million, or $1.8 \%$, during the fourth quarter to $\$ 4.868$ billion at December 31, 2021. Average loans held for investment for the quarter increased $\$ 73.1$ million, or $1.5 \%$, to $\$ 4.844$ billion.

Total deposits were $\$ 4.647$ billion at December 31, 2021, a decrease of $\$ 175.9$ million, or $3.6 \%$, in the fourth quarter of 2021. Non-interest-bearing deposits accounted for $41 \%$ of total deposits and non-time deposits accounted for $86 \%$ of total deposits at December 31, 2021.

## Asset Quality and Allowance for Credit Loss

Our nonperforming assets ratio at December 31, 2021 was $0.92 \%$. Approximately 2 basis points of this ratio at December 31, 2021 consisted of $\$ 1.4$ million of the acquired Over-Formula Advance portfolio which represents the portion that is not covered by CVLG's indemnification. An additional 33 basis points of this ratio at December 31, 2021 consisted of $\$ 19.4$ million of the Misdirected Payments. Over-Formula Advances and Misdirected Payments are discussed in greater detail below.

Our past-due loan ratio at December 31, 2021 was $2.86 \%$. Approximately 21 basis points of this ratio at December 31, 2021 consisted of $\$ 10.1$ million of past due factored receivables related to the Over-Formula Advance portfolio. An additional 40 basis points of this ratio at December 31, 2021 consisted of the $\$ 19.4$ million of Misdirected Payments, as discussed below.

Our ACL as a percentage of loans held for investment increased 1 basis point during the quarter to $0.87 \%$ at December 31, 2021.

## CARES Act and Paycheck Protection Program

As of December 31, 2021, our balance sheet reflected deferrals on outstanding loan balances of $\$ 31.9$ million to assist customers impacted by COVID-19. Modifications related to the COVID-19 pandemic and qualifying under the provisions of Section 4013 of the CARES Act are not considered troubled debt restructurings. As of December 31, 2021, these deferred balances carried accrued interest of $\$ 0.1$ million.

As of December 31, 2021, we carried 118 PPP loans representing a balance of $\$ 27.2$ million classified as commercial loans. We recognized $\$ 2.7$ million in fees from the SBA on PPP loans during the three months ended December 31, 2021 and carry $\$ 0.8$ million of deferred fees on PPP loans at quarter end. The remaining fees will be amortized over the respective lives of the loans or recognized upon forgiveness of the loans.

## Items related to our July 2020 acquisition of TFS

As disclosed on our SEC Forms 8-K filed on July 8, 2020 and September 23, 2020, we acquired the transportation factoring assets of TFS, a wholly owned subsidiary of Covenant Logistics Group, Inc. ("CVLG"), and subsequently amended the terms of that transaction. There were no material developments related to that transaction that impacted our operating results for the three months ended December 31, 2021.

At December 31, 2021, the carrying value of the acquired over-formula advances was $\$ 10.1$ million, the total reserve on acquired over-formula advances was $\$ 10.1$ million and the balance of our indemnification asset, the value of the payment that would be due to us from CVLG in the event that these over-advances are charged off, was $\$ 4.8$ million.

As of December 31, 2021 we carried a separate $\$ 19.4$ million receivable (the "Misdirected Payments") payable by the United States Postal Service ("USPS") arising from accounts factored to the largest over-formula advance carrier. This amount is separate from the acquired Over-Formula Advances. The amounts represented by this receivable were paid by the USPS directly to such customer in contravention of notices of assignment delivered to, and previously honored by, the USPS, which amount was then not remitted back to us by such customer as required. The USPS disputes their obligation to make such payment, citing purported deficiencies in the notices delivered to them. In addition to commencing litigation against such customer, we have commenced litigation in the United States Court of Federal Claims against the USPS seeking a ruling that the USPS was obligated to make the payments represented by this receivable directly to us. Based on our legal analysis and discussions with our counsel advising us on this matter, we continue to believe it is probable that we will prevail in such action and that the USPS will have the capacity to make payment on such receivable. Consequently, we have not reserved for such balance as of December 31, 2021. The full amount of such receivable is reflected in non-performing and past due factored receivables as of December 31, 2021 in accordance with our policy. As of December 31, 2021, the entire $\$ 19.4$ million Misdirected Payments amount was greater than 90 days past due.

The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: business and economic conditions generally and in the bank and non-bank financial services industries, nationally and within our local market areas; the impact of COVID-19 on our business, including the impact of the actions taken by governmental authorities to try and contain the virus or address the impact of the virus on the United States economy (including, without limitation, the CARES Act), and the resulting effect of all of such items on our operations, liquidity and capital position, and on the financial condition of our borrowers and other customers; our ability to mitigate our risk exposures; our ability to maintain our historical earnings trends; changes in management personnel; interest rate risk; concentration of our products and services in the transportation industry; credit risk associated with our loan portfolio; lack of seasoning in our loan portfolio; deteriorating asset quality and higher loan charge-offs; time and effort necessary to resolve nonperforming assets; inaccuracy of the assumptions and estimates we make in establishing reserves for probable loan losses and other estimates; risks related to the integration of acquired businesses, including our acquisition of HubTran Inc. and developments related to our acquisition of Transport Financial Solutions and the related over-formula advances, and any future acquisitions; our ability to successfully identify and address the risks associated with our possible future acquisitions, and the risks that our prior and possible future acquisitions make it more difficult for investors to evaluate our business, financial condition and results of operations, and impairs our ability to accurately forecast our future performance; lack of liquidity; fluctuations in the fair value and liquidity of the securities we hold for sale; impairment of investment securities, goodwill, other intangible assets or deferred tax assets; our risk management strategies; environmental liability associated with our lending activities; increased competition in the bank and non-bank financial services industries, nationally, regionally or locally, which may adversely affect pricing and terms; the accuracy of our financial statements and related disclosures; material weaknesses in our internal control over financial reporting; system failures or failures to prevent breaches of our network security; the institution and outcome of litigation and other legal proceedings against us or to which we become subject; changes in carry-forwards of net operating losses; changes in federal tax law or policy; the impact of recent and future legislative and regulatory changes, including changes in banking, securities and tax laws and regulations, such as the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and their application by our regulators; governmental monetary and fiscal policies; changes in the scope and cost of FDIC, insurance and other coverages; failure to receive regulatory approval for future acquisitions; and increases in our capital requirements.

While forward-looking statements reflect our good-faith beliefs, they are not guarantees of future performance. All forward-looking statements are necessarily only estimates of future results. Accordingly, actual results may differ materially from those expressed in or contemplated by the particular forward-looking statement, and, therefore, you are cautioned not to place undue reliance on such statements. - "Adjusted diluted earnings per common share" is defined as adjusted net income available to common stockholders divided by adjusted weighted average diluted common shares outstanding. Excluded from net income available to common
stockholders are material gains and expenses related to merger and acquisition-related activities, including divestitures, net of tax. In our judgment, the adjustments made to net income available to common stockholders allow management and investors to better assess our performance in relation to our core net income by removing the volatility associated with certain acquisition-related items and other discrete items that are unrelated to our core business. Weighted average diluted common shares outstanding are adjusted as a result of changes in their dilutive properties given the gain and expense adjustments described herein.
- "Tangible common stockholders' equity" is defined as common stockholders' equity less goodwill and other intangible assets.
- "Total tangible assets" is defined as total assets less goodwill and other intangible assets.
- "Tangible book value per share" is defined as tangible common stockholders' equity divided by total common shares outstanding. This measure is important to investors interested in changes from period-to-period in book value per share exclusive of changes in intangible assets.
- "Tangible common stockholders' equity ratio" is defined as the ratio of tangible common stockholders' equity divided by total tangible assets. We believe that this measure is important to many investors in the marketplace who are interested in relative changes from period-to period in common equity and total assets, each exclusive of changes in intangible assets.
- "Return on Average Tangible Common Equity" is defined as net income available to common stockholders divided by average tangible common stockholders' equity.
- "Adjusted efficiency ratio" is defined as non-interest expenses divided by our operating revenue, which is equal to net interest income plus non-interest income. Also excluded are material gains and expenses related to merger and acquisition-related activities, including divestitures. In our judgment, the adjustments made to operating revenue and non-interest expense allow management and investors to better assess our performance in relation to our core operating revenue by removing the volatility associated with certain acquisition-related items and other discrete items that are unrelated to our core business.
- "Adjusted net non-interest expense to average total assets" is defined as non-interest expenses net of non-interest income divided by total average assets. Excluded are material gains and expenses related to merger and acquisition-related activities, including divestitures. This metric is used by our management to better assess our operating efficiency.
